**LOCAL MATTERS.****BRIEF MENTION.**

Cotton—Middlings, 82 to 9.  
See the programme for the Fair in another column.

The number of paupers in the Poor House of this County at present is about 35—25 whites and 10 blacks.

Messrs. J. D. Maxwell, James M. Payne and W. W. Keys have been appointed managers of election for Anderson Democratic Club.

The number of pupils in attendance on the Fall Session of Williamston Female College this year is larger than any year since its establishment.

The time at which it is lawful to shoot game in this State arrived on last Tuesday, the 15th inst., and the sportsmen will no doubt make good use of the permission.

Mr. James Anderson informs us that he will be prepared to furnish refreshments of every description on the Fair Grounds next week. We bespeak for him a liberal patronage.

Persons who have books in their possession belonging to the Library of Anderson Division are requested to return them as soon as possible to Mr. C. W. Webb, the present Librarian.

Messrs. R. A. Reid, J. O. Whitte and Walter Sheard left Anderson on Tuesday morning to attend lectures at the Charleston Medical College. We wish them a pleasant and successful session.

We hope every one who will come to the Fair next week, and bring something for exhibition. The people of Anderson can, if they will, make this exhibition the best that has been made since the war.

The Primary Election on Friday is equivalent to an election in Anderson County, therefore if you wish to have a voice in selecting the officers for this County, go out and vote or send your vote to the managers.

Do not fail to vote in the Primary Election on Friday. Every Democrat in the County ought to vote or send his vote in person to the largest possible vote may be polled so as to give no cause for complaint at the result.

Hopewell Democratic Club will hold their primary election at J. M. Hamlin's school house, on Friday, the 26th inst., at 7 o'clock. The members are requested to meet at an early hour for the transaction of some business of the Club.

We are reliably informed that the Radicals of the Fork will hold a meeting at Parker's Church, near Townville, on the 25th inst., at which they will give a public discussion. The other side will be well represented, both by speakers and read shirts.

Over 25,000 tickets for the primary election in this County have been printed at the INTELLIGENCER Job Office, besides several thousand in other counties. This will certainly supply each of the 3,300 voters in our Clubs with as many tickets as the present programme intends shall be used by each one.

Numerous wagons of cotton have been brought to Anderson from Hart and Elbert Counties, Georgia, and sold during the past week. Our trade is looking up more than it has done since the building of the Air Line Railroad. The Anderson market is no beyond counting the best in the upper portion of the State.

A Division of Sons of Temperance was organized on the 9th inst. at Cross Roads Church by Rev. E. R. Camwell, D. G. W. P., with thirty-one members. The following officers were elected: R. C. Cunningham, W. F. S.; Miss A. E. Earle, W. A.; E. J. Earle, R. S.; J. B. Smith, Secy.; J. B. Smith, Treas.; J. B. Smith, S. S.; J. B. Smith, S. S.

Tuesday last will long be remembered as "Big Tuesday" in Anderson. On that day over three hundred bales of cotton were sold, the crowd was immense, quiet and orderly, everybody apparently in good humor, though necessarily delayed in having their cotton weighed. If the receipts continue as large during the remainder of the week, the sales will probably reach twelve or fifteen hundred bales. "Rah for Anderson."

We would call attention to the trading policy to the advertisement of Miss Lizzy Williams & Co., proprietors of the popular Ladies' Store at Anderson. They have a large and carefully selected stock of goods, which they propose to sell at very low figures for the cash during the next two or three months. Their stock was selected in person by Miss Williams, which is sufficient guarantee that they are first class in every respect. Be sure to examine their stock before purchasing elsewhere.

The citizens of Anderson and their guests will have a rare opportunity for two evenings' enjoyment during the Fair next week. An able corps of amateur actors, under the supervision of Mrs. E. O. Davis, are rehearsing the dramas "Single Life" and "Married Life," which they will present to the public on Thursday and Friday evenings next in the Masonic Hall. The proceeds will be given to the Palmetto Riflemen. Admission 50 cents, without extra charge for reserved seats. We wish them a generous patronage.

On last Tuesday the quantity of cotton in Anderson was larger than we have seen during the past six years. At one time the line of wagons leading to the depot to have cotton weighed extended from the depot to the public square, a distance of about half a mile, and the "quar" had a large number of wagons standing with loads of cotton awaiting sale. The price given for the fleecy staple here is better than at the markets which have hitherto drawn the trade, and the amount brought to this point every day is very large.

The combined railroad and political meeting at Belton on last Friday was attended by about two hundred persons, who listened most attentively to a number of railroad speeches in the morning, telling forth the advantages of railroads, particularly those seeking a Western connection, and showing

the advantages offered by the Belton, East and French Broad line, after which a considerable sum of money was subscribed towards the projected road. A magnificent banquet dinner was then spread, and was greatly enjoyed by all who were present. After dinner a number of political speeches were made, at the conclusion of which the meeting was adjourned.

If the outrage at Townville is in accordance with the programme of the Radicals in this County for the treatment of colored men, who have the independence and intelligence to support the Democratic party, then we take this occasion to warn them that they had better change that programme, for it will not be submitted to under any circumstances. One of the pledges made to the colored people by the Democratic party in this State is that they will protect the colored men who vote with us from the violence of the senseless mob, which is swayed by wily and designing leaders. This promise we cannot and will not make, and we intend not to be misled by any of those who would not only maintain, but the law will be most rigidly administered to those who mistreat a colored Democrat. The colored people of this County shall have the right to vote the Democratic ticket without molestation, and every Democrat in the County stands ready with his life, if need be, to see that this guarantee is fully complied with. We do not trouble Republicans, and they will not be permitted to interfere with Democrats. If Parker and his violent followers do not understand this already they had better understand it now, for it is no longer a secret. The whole of those riding or abetting and not only the ring leaders will be arrested. The colored Democrats and all who wish to go with us may rest assured that they will be protected by the Democrats, and that any person attempting to harm them will be severely punished.

The drill of the local Battalion of the Eastern Regiment near Neal's Creek on last Saturday was quite a success. Several hundred persons were present and witnessed the drill of the companies of Captains Jos. B. Moore, C. E. O. Mitchell and R. B. A. Robinson. Maj. J. N. Vandiver was the commanding officer, and displayed a thorough knowledge of his duties, which he performed in a manner to command the most favorable comments. He is a fine looking officer, and had under him a set of men whose proficiency we argue a much more thorough practice than they have enjoyed. Gen. W. W. Humphreys and a portion of his staff, together with Col. Tribble and Lieut. Col. Campbell and Orr, and Capt. Allen, Horton and Martin were also present, and at the close of the drill Gen. Humphreys delivered an excellent address, setting forth the advantages of a well organized militia, after which Col. Tribble and Maj. Murray were called upon and responded to the compliment by thanking the companies and declining to detain them with extended speeches. Then followed an excellent picnic dinner, and after the afternoon was spent in social conversation, thus pleasantly ending a most agreeable day.

The session of the Twelve Mile River Association, which closed at Plagah Church in this County on last Sunday, was a harmonious and important one. The Rev. Mr. Singleton, of Fickens County, was re-elected Moderator, and C. P. Barrett, Esq., of Fickens C. H., was elected Clerk. The Association was opened with an excellent introduction sermon from Rev. D. W. Hatt, the talented pastor of the Plagah Church, after which the usual business of the body was proceeded with and progressed most harmoniously and satisfactorily. The Plagah Church, with nine others in Fickens, Oconee and Greenville, withdrew from the Association, and are to meet at Eastley on Saturday before the second Sunday in November for the purpose of forming a new Association comprising a more convenient territory. The attendance on Sunday was very large, and interesting sermons were preached by Rev. Mr. Mack, of N. C., and Rev. J. S. Murray, of Anderson, after which the assembly adjourned, after a most pleasant meeting.

A very sad accident occurred on last Friday morning at the gin house of Mr. B. F. Hammond, about four miles east of this place, resulting in the death of a little son about nine years old of Mr. Lewis Smith, of Broadway township, who had carried a load of cotton to the gin, taking his little boy with him. It was the child's first visit to a gin house, and as might have been expected, the most attractive feature about the machinery was the horses and machinery underneath the gin. He had been there about half an hour when he got upon the shaft under the cog-wheel, and while riding around was caught by the neck between an arm of the cog-wheel and a gallow which supported the band-wheel. The space through which his neck was forced was about two inches. He lived until next morning, when he died, medical aid failing to prolong his life.

On last Saturday a railroad and political meeting was held in the beautiful grove surrounding the celebrated Mineral Spring in Williamston, where a number of the citizens from the surrounding country assembled to hear of the new road which is proposed to build, connecting their quiet town by a direct line with the great West. A number of interesting speeches were made, and the discussion of the merits of the proposed road elicited a great deal of genuine, though quiet, enthusiasm in its behalf. These meetings are but the preliminary to the vigorous effort that will soon be made to secure the completion of the road, and its friends were fully satisfied with the interest manifested. After the speaking a splendid barbecued dinner was spread before the crowd, and every one seemed to have a most pleasant day.

Several citizens from the Brushy Creek township have been to Anderson with cotton to sell during the past week, and expressed themselves as highly pleased with the place as a market. If the citizens of this section would turn their trade to Anderson they would no doubt find the difference in the market here make up for the additional distance to this point. The prices given for cotton are as high as in any other place, and the upper portion of the State. Supplies and goods are sold as reasonably as they can be procured in any neighboring market. In the goods sold by our merchants are standard and reliable. Taking everything into consideration, we are satisfied that the citizens of every part of Anderson County will find it greatly to their interests to make their own Cotton House town their market.

We are requested to announce that Hampton Grange, No. 364, P. H., will hold its next regular meeting on Saturday 19th inst., at 10 o'clock a. m. Business of importance demands a full attendance.

The entertainment of the Little Girl's Mission Society on last Friday evening was liberally patronized by our citizens, and we have not been able to ascertain the amount of the proceeds.

Capt. J. L. Bryan, presented us on last Friday with half a dozen second crop June apples, which were about the size of a guinea egg, and fully matured.

We neglected to acknowledge in our last issue the receipt of some very fine sweet potatoes from Mr. W. B. Eskline.

The sweet potato crop in this County is very fine this year.

**WHO ARE THE INTIMIDATORS?**

On last Thursday night a party was had by the colored people of the Fork at the residence of Mr. Edwards, who, among other things, invited John Williams, a well-known colored Democrat of that section. When Williams arrived a number of the men told him he should not enter the house, as they did not intend to allow any d—d Democrat to come in, to which he replied that he had been invited, and unless the promoters of the house forbade him he intended to go in; whereupon he was seized at the breast by Williams, and several blows were struck. He returned the blows, and ran to Mr. J. A. Gaines's residence, with the crowd running after him yelling and shooting. When he got into Mr. Gaines's piazza the crowd started in after him, swearing vengeance, but Mr. Gaines, with a coolness and determination deserving the highest commendation, appeared upon his piazza armed, and forced some of them entering, saying that he would not allow any man who came in for some time the most determined to charge the house, but finally some of the neighbors came to the rescue and the would-be murderers dispersed. On the following morning warrants were procured for the ring leaders, and after a preliminary trial before W. F. M. Fant, Esq., Trial Justice, six of them were committed to the County Jail at this place in default of bail to await trial before the Court of General Sessions on the 19th inst.
